

THE MEMPHIS GUITAR SPA RETAIL SERVICES PRICE SHEET

HARDWARE REPLACEMENT

All prices are estimates for labor alone and do not include the price of parts or materials unless otherwise noted. **All hardware replacement involving the necessity of string removal, with the exception of bass guitars, will require new strings which are not included. Not Negotiable.**

Tuning Machine Replacement, 4-6 string (same footprint)	\$35.00
Tuning Machine Replacement, 4-6 string (different footprint) (does not include filling any screw holes)	\$45.00
Bridge Replacement, 4-6 string (same footprint) - requires setup, not included	\$45.00
Bridge Replacement, 4-6 string (Tremolo) - requires setup, not included	\$85.00
Bridge Replacement, 4-6 string (String Through) - requires setup, not included	\$55.00
String Ferrule Replacement (non-flush mounted only) (we are VERY careful, but we cannot guarantee there will be no chips)	\$75.00
String Tree Replacement (per tree)	\$15.00
Pickguard and Pickguard Screw Replacement (includes nickel or chrome screws)	\$30.00
Strap Button Replacement (includes felt pads)	\$25.00
Strap Button Replacement - Straplock, Dunlop, etc. (includes felt pads)	\$45.00
Hardware Replacement Involving Routing Will Be Given A Cost Estimate	

ELECTRONICS

We use the finest materials available including CTS pots, Switchcraft jacks, heavy gauge cloth covered wire, your choice of several high end capacitor and transistor brands, and braided, shielded lead wire. All prices are estimates for labor alone and do not include the price of parts or materials unless otherwise noted. Any mods requiring routing, finishing, drilling, etc. will be quoted at time of deposit. Pickup replacement requires string change.

Electric Mods (phase, splitting, Jimmy Page, tapping, etc.), PER HOUR	\$65.00
Pickup Installation, Electric Guitar or Bass, Single	\$35.00
Pickup Installation, Electric Guitar or Bass, Dual	\$50.00
Pickup Installation, Electric Guitar or Bass, Strat or Triple	\$65.00
Pickup Installation, Electric Semi Hollow (ES-335, ES-175, etc.) (This is in <u>ADDITION</u> to any other install price and is not negotiable. This is incredibly time consuming and difficult to do correctly.)	\$75.00
Acoustic Pickup Installation - Piezo Under saddle (L.R. Baggs, Fishman, etc.) Labor only.	\$100.00
Acoustic Pickup Installation - Magnetic In Sound Hole. Jack extra.	\$45.00
Adding Controls To Above (volume, tone, etc.) - Per Hour	\$65.00
Shielding (per body, does not include disassembly) (we use super high quality cavity shielding paint, minimum 2 coats, we do NOT do copper foil work except repair.)	\$50-\$100
Les Paul Junior Mod Package	\$300.00

This mod includes replacing your stock LP Junior pickup with a Jason Lollar 5% Overwound Dogear P-90, and replacing the tone knob with a custom made Varitone 6 way rotary switch. Position one is a true bypass, with positions 2-6 different capacitor values going from .001 to .1. Includes all new wiring, CTS volume pot replacement, custom switch plate,
